INCESSANTLY

1.

That I may, one sweet day,
disillusion this delusional, devious patriarch
effortlessly elude him,
transcending (abruptly)
this masquerade
a diversion disarming him, his idolization, his audacity
to see his supremacy unloosed tentatively,
his dominion rendered futile
 merely peculiar
to see our inferiority wane
 flailing

2.

Here now
our euphoric vicinity is everlasting
I enfold thee
 intertwined in undividedness
Here
We belong together, in empathy, steadfastly
We let solidarity prevail endlessly
We are entwined

3.

So now
I rhapsodize unvarnished irregularities
I pray
an obscure elusive reverie to
alleviate these atrocities
offer instead unyielding, unwavering levity
so we might be intoxicated by our
 emancipation
which surpasses enmity
which is abundant

4.

Yet
I must
verbalize my despair, words painstakingly woeful
I am
distraught, downhearted, disenchanted, desolate
I dutifully succumb to this alienation
 no apprehension
And watch my solitude dissipate ominously
 not into solace or serenity
But a fervid and everlasting despondency
 the common denominator
 my destitution

5.

with reassurance
you persuade me to relinquish my
hastily intimated nothingness
we proceed unfailing into an
acquiescent splendor

6.

I cannot fathom, cannot conceive of
how to let this exceedingly romanticized subconscious
 subside
how to rationalize the sublime
the sublime – misrepresented as intrinsic
 or else be stigmatized
to let the sublime materialize instead as ambiguous
 Inherently pseudo
How else are we to be enraptured? Enamored?
the sublime captivates majestically
 (kind of) hectic
I stay oblivious
though emblazoned abandonedly with
 effervescent
 incandescent
 cascades of light

7.

No longer some displaced fantasy

I persevere inevitably
